Why would you like to be a Board member?

YES

If elected, what would you like to see accomplished during your term?

I'm passionate about making Spring Creek an even better place to live. Having lived here for 2 years, I understand the community's strengths and challenges. My experience in similar roles would be valuable on the board. I'm particularly interested in exploring initiatives related to more neighborhood involvement in activities, digital transformation (maintaining website), more activities, and I believe my collaborative approach can help us find solutions.

Please share something about yourself:

I'm a software engineer at a tech company, and I'm thrilled to be part of this community. For the past 21 years, I've had the opportunity to work on some incredible projects with multimillion-dollar budgets. What truly motivates me is seeing the real-world impact of the technology we create. I'm passionate about using my skills to make a difference.

If you are interested in serving on the board, turn in this form to be placed on the Ballot.
